About Your Completions Benchmark Report

The purpose of this report is to provide you with an institution-level view of student completion rates, benchmarked to the analyses published in our national signature report on completions.

Our national degree completions report and the state-level supplement to the national report can be downloaded at: [NSC Research Center Reports](#)

This report draws on the Clearinghouse's national coverage of enrollment and awarded education credentials to explore the six-year outcomes of a cohort of first-time-in-college degree-seeking students, who started in Fall 2009.

This report is exclusively for your institution's use. The Clearinghouse will not publish or distribute your institution's results without your expressed request and consent.

Reports are only available for each institution's main branch (branch code = 00). The FAQs section at the end addresses basic questions about the report's purpose and distribution. Brief notes on data definitions and methodology are on page 4. More detailed discussions of methodology are available in the introduction and appendix of the national signature report on completions.

Frequently Asked Questions

What is the purpose of this report?

This report provides you with an institution-level view of student completion rates, benchmarked to the analyses published in our national Signature report on completions. You should be aware that, in some rare cases, the completion rates shown may be higher or lower than what you expect for your institution. In these cases, we believe the report will help us to identify any data reporting practices preventing your institution from receiving the greatest possible value from your Clearinghouse services.

Are other branches of my institution eligible to receive reports?

No. The institution-level completion report is only available for the main branch (branch code = 00). This is because DegreeVerify data are generally reported under the 00 branch code.

How do the outcomes in this report differ from IPEDS?

The completion rates presented in this report differ significantly from IPEDS GRS results because this report includes:

1. Student completion anywhere: Beyond institutional boundaries, across state lines, and over time
2. Student Persistence anywhere, not just at the starting institution. It also includes those who have not yet completed, but are still pursuing a degree.
3. Disaggregation by student age at first entry and enrollment intensity
4. Students who start part-time. Enrollment intensity categories are based on the enrollment status in all terms of enrollment, not just the first term.

Can I see a list of the students included in this report?

Unfortunately, we cannot provide you with student-level detail for this report. However, a student-level detail file is provided with all of our standard StudentTracker reports, which are delivered via our secure FTP site.

How do I sign up for StudentTracker?

Is the Clearinghouse going to make my institution's results available to the public?

No. This report is only available to members of your institution.

Is my institution free to make this report public if we choose?

Yes.

How can I provide feedback on this report?

Questions or feedback can be sent to nscresearch@studentclearinghouse.org.
